“ *We had just learned this past year that we had such rich Indian roots through Beatrice. Our niece Felicia was asking a lot of questions about where she came from. We could answer some on our Yates side but with Mama gone now there was a gap on the Shelton side. Well we got to talking with Ms. Beatrice she opened our eyes to the richness of the family's culture and diversity. I loved the brightness that came from her. She always was so full of kindness. She will be missed. Love Charles and Christie Yates*
