“ Claudia and David, We are SO saddened to learn of your precious Christy's death. We remember happier times when we were neighbors with our girls playing together - joyfully living their carefree childhood. When you are back up here, please stop in to visit with us for we would love to see both of you. Take care of each other during this difficult time and know you matter to us. We grieve here in your neighborhood of which your baby girl shall forever be a part.

“ *We were neighbors of Christy. She was a very good and sweet person. Always ready to help if she could. She loved her sons very much and talked about them often. She loved her parents and appreciated all that they did for her. We will miss her and always remember her. I want her sons to know that she loved them. I know that she longed so much to have a relationship with the son that was with her ex- husband. We could hear the pain in her voice when she talked about the son she was not allowed to see. None of us are perfect but not being able to see her son and tell him that she loved him was a price she never should have had to pay. I just hope that that son knows that he was loved by his mother and that he was always on her mind. We loved Christy and we will always remember her with much, much fondness and love! You can finally rest now sweetie. Love you!*
