“ I used to work with your mom and grandmother at Bush;s for 3 years just after I got out of high school. I always liked working with them. I worked beside your mom may times, and we talked and laughed about so many different things. I have saw her out in town and of course we stood around and talked about nothing for several minutes, before we realized we had been in the store for some time talking and needed to hurry up and get our things and be on our way. She will be missed by many people.
