“ *Ron, I am writing this with a full heart. I was just thinking about Betty a couple of days ago. It is odd, since I haven't worked with her for many many years. I think her spirit gave me a little visit! I worked as a RN at Doctor's Hospital on Betty's floor. She was the best unit secretary ever, and that job is what makes a unit run smoothly or not. I mostly worked days, and evenings too, (where I got to see her in action). I'll never forget her. She often spoke of you, and I send my deepest sympathy. She was such a wonderful person. We loved to laugh with each other, she never got flustered or mad, even when all hell was breaking loose! She made my job 100 times easier. Well, maybe 1000 times easier. Sincerely,
RuthAnn (Meacham) Swain.*
