“*Freddy loved gaskets!!! He was a genius, a walking library, he could see a drawing and know which engine, model, year it was!! =) He shared his knowledge with all of us at DC Gaskets and all the people he knew. He was kind, warm, easy going. Every time he visited Mexico he was highly appreciated by every person he worked with. Language was never an issue, he spoke "gasket" and that was good enough to help, ensure, motivate and validate others. You could always reach him to ask for help or an advice.*

I worked with him as my customer/colleague for about 6 years, he always talked warmly about his family, about Beverly, he said "She is a star, she can do it all" he was very proud of you Beverly, I remember he showed me on his phone the tree houses you built and said "Look at this, she is a star! I'm so proud of her!"

My prayers and thoughts are with Fred's Family. We are all very sorry for your loss. We will always remember him and have him in our hearts and minds.

Kindly from Mexico.
