“ I work at AutoZone, I helped Gary many times. I knew he was Vietnam veteran and a decorated veteran. I didn't know the extent how decorated till now. I lost a friend a few years ago, Lt. Col.Ivan Hall who was also decorated veteran. I do believe they knew each other from Dugway, but they never said. Gary was such a a wonderful man.

“ I knew Gary from what seemed like another life because it was so long ago.
When Gary lived in Utah he and my mom met. I was a young teenage boy at the time. He was like a father to me for many years. He took me on numerous airplane trips to fly ins and air shows and we spent a lot of time together. There are no words for how grateful I am to have known Gary when I did. He provided me with support and direction at a time in my life when I needed it most. I'll always be grateful to you Gary. I still miss and love you and think about you even though it's been 16 years since we last saw each other. I hope your family knows you were loved by many, even some they may have never met.

“ Gary consistently went to the reunion of the helicopter Squadron he was in when he was wounded. He was a door gunner, one of the most dangerous jobs. He was hit through the seat and would have died if another soldier didn't risk his life to pull him out of the helicopter under heavy fire.

“ My greatest memory of Gary is when we were in an US aviation history museum. They had replicas of the planes all in black. The challenge was to name every plane by its silhouette only. Gary could do that readily! He got them all right.
