“ Ed & trudy melton let me come down to visit them for a few weeks . Ed would pick me up& we would go to Hardys . when i got off the bus& drop me back off at the bus station when it was time to go home again. I love spending time with Ed & Trudy . They made me feel welcome & part of the family. Ed or Trudy would Driving me around the area in Ed's golf cart. Ed took me up in his one engine airplane the first trip down to visit them. They made it enjoyable time for me. I will never forget Ed & Trudy Melton & their four dogs . Every time I came down Ed would put me to work. I would do anything for both of them. I have the most enjoyable memorys

“ I have so many memories of you guys. We spent a lot of time together, growing up. I remember how your dad would bounce his leg playing cards and whistle. I think it was some kind of code for cheating at cards, between him and dad. The last time I talked to him was after daddy died. He called to give condolences and was heart broken. It meant a lot to hear from him at that time. So sorry for your loss. You guys have been through a lot and I'm praying for peace and comfort for you. God Bless You.....
