I love this ! All the precious people 😊 And all the great memories . And his hair was always looking good, A memory I have of him always coming after us in that black truck when we got out of sight on our bikes,we could hear it crank up and we knew we was caught! I guess we drove him crazy. The last time I saw him was at Wal Mart I think he had snuck out...but he did have his mask on! Said he needed a hair cut! I'll miss you! Till we meet again ❤️Becky

“ Rick, sorry to hear of the passing of your dad. Cheryl and I both know the pain you and your family are dealing with at this time in your life. We both gave back to God our moms and dads, and we know that God will do for your family what he did for our family. He will hold all of you in his arms, and give each of you the strength and grace to deal with all that might befall you and your family. I know if we look to God we can handle anything that might come. I hope it's a comfort for you all to know that your dad feels pain no more, and that he is in the arms of his Lord and Savior. Rick, I hope this note finds you and your mom in a spiritual state of mind along with the rest of your family, and know that God knows best for each of us, and that God will bless each of you, and give each the strength to walk the long walk.

*Our thoughts and prayers are with all of you with God's blessing.

“ *I always enjoyed talking with Uncle Dood he would always bring joy and laughter into your heart. Caleb would always look for Uncle Dood at church and would always sit with him. I remember him telling me that my grandpa Jodie his brother was where he got the name Dood. When he was growing up my grandpa would say he's a "Dood" and he said it stuck with him. We will cherish the memories that we have and our prayers are with the family.*
