“ There are so many great memories of the times we all had together Dawn. And before that the times Mickey and I had in scouts when we were young lads. The very first day we met I knew we were going to be good friends. But, it went past that. We became more like brothers. We were family.

*I cherish the times we all spent together as we worked our way through TIE back in the day. You and Mickey were made for each other Dawn - there is no doubt about that. You are family to me just as much as Mickey was.*

*There was enjoyment to no end working with Mickey all those years at the Big M. We had such good times on those occasions when we got to work the same shift. We always had each others backs.*

*You and Seth had this great human being in your lives for many years on this earth. But, don't fret, one day we will all get to spend eternity with him. I can just see him welcoming us now with that famous Mickey grin.*

*Godspeed my brother. Until we meet on high.*

“ I am so sorry. The two of you struggled for so long. I wish I could say something that would make things better somehow but I can't say anything that you don't already know. My family and I will keep you in our prayers. I know everyone says that but I have to believe that prayers are powerful and that the love of everyone carrying you to God in their thoughts and prayers will give rise to a strength that He alone can give you. I think sometimes we forget about the love of another person in our lives. The love that was sent to us to complete us. Listening to you talk about Jerry in conversations we had it was clear how much love there was and is. The love you have for your husband is strong and it's going to help get you through this. The love he has for you is strong too and it is still there. Cling to all of the love you have from God, family, friends and from Jerry. You will be alright.
