“ To the family i am so sorry for the great loss you are going through. I have known jimmy for a long time and am proud to say so. Over the years i can say jimmy has always been a great friend. We not only lived side by side but often crossed paths at work. Any time i needed gravel or topsoil or anything else delivered to one of my job sights he was always my first call and if he said he was going to be there then you could bet he was coming. I couldnt believe that he called me from the hospital to ask me if i got the topsoil i needed because he was supposed to bring it the morning after everything happened. In a time when all he should be thinking about was getting through what he was going through he was still thinking of others, that was the kind of man i knew him to be the type of person we should all strive to be. And every time i look up and see a dump truck backing in with whatever we need for the day i will always remember my good friend Jimmy Dale. The world lost a special man i miss ya buddy.
