“ *Judy and I became friends when I was a teenager. Judy had a kind heart and loved people and never met a stranger. I am heartbroken to see her obituary, however she is in heaven with her mom and dad. I remember her son when he was a young child and her mom and her dad would play the guitar. My heart and thoughts go out to her son and grandchildren. Love you Judy*

“ Judy was my best friend since 2nd grade. We always talked to each other every day there wasn't many days that we missed talking to each other. You didn't have to talk cause she would talk all the time. I will surely miss her she will always be in my heart. I will keep the family in my thoughts and prayers.
