“ Ken was an avid gardener and one of his specialties was growing and hybridizing Day Lillies. Ken gave me some of his Day Lillies the last time we went to visit him. I think of Ken when the Day Lillies he gave me are in bloom.

Also, he was a very good polka dancer & liked the music of country singer. Marty Robins.

He also like Frankie Yankovich and his polka band. Ken gave me a bunch of Frankie Yankovic's cd's.

He also liked Czech food. His mother was an excellent cook. I liked going to dinner at their house. It was a gourmet meal of ethnic cooking. I have some of his mother's recipes that were passed down to me.
